### INSTALLATION INSTRUCTIONS

Bradley manufacture high quality towing solutions and supply detailed fitment instructions to users to ensure the correct installation, usage and maintenance of our products. Bradley cannot be held responsible should an accident occur due to the incorrect fitment of our products or due to inappropriate usage or lack of maintenance.

Note: Brace and its fastenings not supplied. Illustrations show typical mounting arrangement. Actual assembly may differ.

Fasten Frame (Part No.67922) to chassis or towbar using hole centres of 85.0mm x 50.0mm. As shown use the M16 Grade 8.8 Bolts in conjunction with a washer and M16 Nut as supplied. Torque to 160 Nm – 200 Nm.

Fig.1:

**Note: In this configuration the towing capacity is limited to 3500kg.**
